

RESOLUTION NO. 2020-03

A RESOLUTION ESTABLISHING CERTAIN CHARGES FOR WATER AND WASTEWATER SERVICES OF THE CITY OF VOLGA, SOUTH DAKOTA

BE IT RESOLVED by the City Council of the City of Volga, South Dakota, that effective January 1, 2020, the following water and wastewater charges shall apply to residential, mobile home, apartment, commercial, and industrial customers.

Water Service Charges

Customers in each service class shall pay a water service charge based on the size of the meter according to the following table:

1" and smaller	\$11.67
1.25"	\$24.74
1.5"	\$34.21
2"	\$52.65
3"	\$105.02
4"	\$177.81

Usage Charges

Customers will pay usage charges based on the class of service: residential, commercial, or industrial.

“Residential Customer”

Definition. A separate residential unit is a single-family dwelling occupied by a family, however, an apartment which contains separate toilet, cooking facilities and at least one (1) sleeping room, whether contained in a multiple dwelling, boarding house, single or two-family dwelling, is a separate residential unit and shall be charged a separate minimum service charge for water service, as provided above.

Residential Water Service. A monthly charge based on a rate of One and 56/100 Dollars (\$1.56) for every 1,000 gallons of usage shall be charged for water service provided to each separate residential unit in the City. This is in addition to the monthly service charge based on the size of the meter.

Residential Water Service – Customers Located Out of City. A monthly charge based on a rate of Two and 46/100 (\$2.46) Dollars for every 1,000 gallons of usage shall be charged for water service provided to each separate residential unit located outside of City limits. This is in addition to the monthly service charge based on the size of the meter.

Mobile Home and Non-metered Apartment Water Service. A monthly charge of Seventeen and 91/100 (\$17.91) Dollars shall be charged for water service provided to each mobile home and non-metered apartment in the City. This rate consists of the minimum monthly

service charge and a usage charge of Six and 24/100 (\$6.24) Dollars based on 4,000 gallons of usage at the residential rate of One and 56/100 (\$1.56) Dollars for every 1,000 gallons of usage.

Mobile Home and Non-metered Apartment Water Service – Customers Located Out of City. A monthly charge of Twenty-one and 51/100 (\$21.51) Dollars shall be charged for water service provided to each mobile home and non-metered apartment located outside of City limits. This rate consists of the minimum monthly service charge and a usage charge of Nine and 84/100 (\$9.84) Dollars based on 4,000 gallons of usage at the out of city rate of Two and 46/100 (\$2.46) Dollars for every 1,000 gallons of usage.

Residential Wastewater Service. A minimum monthly base rate of Eleven and 01/100 (\$11.01) Dollars shall be charged for wastewater service provided to each separate residential unit in the City, together with a charge of 99/100 (\$0.99) Dollars per Thousand gallons of flow multiplied by the average of the previous months of December, January, February and March, which shall constitute the combined monthly wastewater flow charge.

Residential Wastewater Service – Customers Located Out of City. A minimum monthly base rate of Eleven and 01/100 (\$11.01) Dollars shall be charged for wastewater service provided to each separate residential unit, together with a charge of One and 53/100 (\$1.53) Dollars per Thousand gallons of flow multiplied by the average of the previous months of December, January, February and March, which shall constitute the combined monthly wastewater flow charge.

Mobile Home and Non-metered Residential Units Wastewater Service. A monthly charge of Fourteen and 97/100 (\$14.97) Dollars shall be charged for wastewater service provided to each mobile home and non-metered residential unit in the City. This rate consists of the minimum monthly base charge of Eleven and 01/100 (\$11.01) Dollars and a usage charge of Three and 96/100 (\$3.96) Dollars based on 4,000 gallons of usage at the residential rate of 99/100 (\$0.99) Dollars for every 1,000 gallons of usage.

Mobile Home and Non-metered Apartment Wastewater Service – Customers Located Out of City. A monthly charge of Seventeen and 13/100 (\$17.13) Dollars shall be charged for wastewater service provided to each mobile home and non-metered apartment. This rate consists of the minimum monthly base charge of Eleven and 01/100 (\$11.01) Dollars and a usage charge of Six and 12/100 (\$6.12) Dollars based on 4,000 gallons of usage at the out of city rate of One and 53/100 (\$1.53) for every 1,000 gallons of usage.

“Commercial Customer”

Definition. A separate commercial unit is a single location occupied by service designated as a commercial service due to their electrical requirements.

Commercial Water Service. A monthly charge based on a rate of One and 56/100 (\$1.56) Dollars for every 1,000 gallons of usage shall be charged for water service provided to each separate commercial unit in the City. This is in addition to the monthly service charge based on the size of the meter.

Commercial Water Service – Customers Located Out of City. A monthly charge based on a rate of Two and 46/100 Dollars (\$2.46) for every 1,000 gallons of usage shall be charged for water service provided to each separate commercial unit. This is in addition to the monthly service charge based on the size of the meter.

Commercial Wastewater Service. A minimum monthly base rate of Eleven and 01/100 (\$11.01) Dollars shall be charged for wastewater service provided to each separate commercial unit in the City, together with a charge of 99/100 (\$0.99) Dollars per Thousand gallons of flow multiplied by the use of water service at the location for each month.

Commercial Wastewater Service – Customers Located Out of City. A minimum monthly base rate of Eleven and 01/100 (\$11.01) Dollars shall be charged for wastewater service provided to each separate commercial unit, together with a charge of One and 53/100 (\$1.53) Dollars per Thousand gallons of flow multiplied by the use of water service at the location for each month.

“Industrial Customer”

Definition. Any customer that: discharges an average of 25,000 gallons per day or more of process wastewater to the Publicly Owned Treatment Works (POTW) (excluding sanitary, noncontact cooling and boiler blowdown wastewater); contributes a process waste stream that makes up 5 percent or more of the average dry weather hydraulic or organic capacity of the POTW treatment plant; or is designated as such by the Control Authority on the basis that the industrial user has a reasonable potential for adversely affecting the POTW’s operation or for violating any Pretreatment Standard or requirement (in accordance with 40 CFR 403.8(f)(6)). A “normal strength domestic wastewater” shall mean wastewater that has a biological oxygen demand (BOD) concentration of no more than 134 milligrams per liter (mg/L).

Industrial Water Service. A monthly charge based on a rate of One and 56/100 (\$1.56) Dollars for every 1,000 gallons of usage shall be charged for water service provided to each separate industrial unit in the City. This is in addition to the monthly service charge based on the size of the meter.

Industrial Water Service – Customers Located Out of City. A monthly charge based on a rate of Two and 22/100 (\$2.22) Dollars for every 1,000 gallons of usage shall be charged for water service provided to each separate industrial unit. This is in addition to the monthly service charge based on the size of the meter.

Industrial Wastewater Service. A minimum monthly base rate of Eleven and 01/100 (\$11.01) Dollars shall be charged for wastewater service provided to each separate industrial user, together with a charge of One and 53/100 (\$1.53) Dollars per Thousand gallons of flow per month. Biochemical Oxygen Demand (BOD) shall be charged at 444/100 (\$0.444) Dollars per pound per day for concentrations in excess of normal strength domestic wastewater. Wastewater user service charges allocated to flow and BOD will be based on actual flow measurements, sampling, and testing.

Wastewater Surcharge

In accordance with Resolution 2018-13, the following sewer debt service surcharge shall be applicable to all customers served wastewater service whether in or out of the city or whether retail or sales or resale. This surcharge is in addition to other charges put forth in this Resolution.

Borrower Bond CWSRF-01 Surcharge: \$1.32/1,000 gallons for in-city customers and \$2.38/1,000 gallons for out-of-city customers.

The surcharge shall remain in effect until such time as the Borrower Bond is paid in full. The surcharge shall be collected at the same time as other charges of the Sewer System. The surcharge is found to be equitable for the services provided by the improvement.

Passed and approved this 21st day of January, 2020.
